Welcome WE'RE GLAD YOU'RE HERE

Thank you for being part of our service today.
If you are here for the first time,
we extend a warm welcome to you.

We enjoy connecting with our guests and Church family members and invite you to join us for tea and coffee after the service.

Tea and coffee is a space where fellowship continues.
It is a space where we can chat, laugh, pray, encourage, love and care.

First Time Here?

Our welcome pack includes a message from Pastor Louis and a QR code to scan to let us know more about yourself.

Plus, each guest receives a complimentary hot drinks voucher to use after the service. We'd love to chat with you over a cuppa!

Stay CONNECTED

Our Mission Statement

Growing deeper relationships with Christ and each other.

Our Vision Statement

Seeing God change lives through me.

Jesus is _____ always the reason for the season.

Friends, as you may be aware the 'Jesus is _____' campaign started last Sunday and will continue right through to Easter Sunday. Each Sunday here at UBC our sermon and theme focus will be in cooperation with the other local churches in Ulverstone and we will journey the coming weeks of 'Jesus is _____' together.

This is an opportunity to help build a central united focus for the local Christian community in Ulverstone. It challenges us to invest in local mission as believers and as a church family. It is a time to think about our role in having conversations about Jesus and why you and I are followers.

With this in mind, you will have received an invitation (email or letter) to be part of our 'What's Next UBC' gathering on May the 18th. We are keen to progress with our mission value definition for UBC regarding understanding, involvement and commitment in relation to our values over vision, as emphasised at our Leadership Summit in March. A church value system simplifies and identifies the core understanding and values of the church; as presented in the book of Acts, a "VALUE" system declares who you actually are.

There will be a significant mission difference in the coming weeks and months. Join us as together we pray, commit, be challenged, work, stretch and grow.

God bless, Louis

CROSSOVER

EASTER OFFERING 2025

The Australian Baptist Easter Offering is from a thousand churches combining to express our gratitude to Jesus and to invest in sharing Him with others.

The offering supports Crossover - a national Baptist ministry that provides resources, training and encouragement to help Australian Baptists share Jesus with their friends and neighbourhoods.

Crossover runs entirely on the donations of people like us - so let's support generously as we are able.

If you would like to give this Easter, envelopes are available for your cash donations. You can place this in our offering box in the entry.

You can also give directly at <https://www.crossover.org.au/> (or scan the QR code below) to donate today.

Guest Speaker
Craig Hawkins
Sunday 4th May

Craig was raised in a Christian family and is the son of a Church of Christ pastor. He has worked fulltime with Creation Research since mid-2022 and on various occasions since 2006.

He has been married to Rachelle for over 26 years, has six children and lives in Beauty Point Tasmania where he is an Elder in the local Baptist Church.

Craig graduated in science at the Australian National University in 1990 and worked in both public and private forestry in NSW and Tasmania. He achieved the University's Schlich Medal and Timber Industry Awards at graduation. While working in Tasmania he gained a Masters Degree in Science from the University of Tasmania before leaving forestry following the purchase of Seahorse World where Rachelle was head biologist. Seahorse World is a unique seahorse breeding and global exporting business and a well-known Tasmanian tourism attraction.
www.seahorseworld.com.au

Craig and Rachelle have had a passion to open a Creation Museum for many years and after joining up with Brendan and De Arn Foley opened the Creation Discovery Centre Tasmania (CDCT) in 2021, adjacent Seahorse World. Craig acts as chair of the CDCT Board. The CDCT is part of the broader Creation Research museum network which also has displays in Queensland, England and the USA. The Creation Discovery Centre has had many opportunities to witness to people since opening and has seen people give their lives to Jesus Christ as a result of visiting.

In 2006 Craig teamed up with John Mackay, international director of Creation Research, to debate the Atheist Foundation of Australia in Launceston Tasmania, where a resounding victory was achieved. This debate can be watched at: Atheists vs Christians! Debate: 'Is Evolutionary Science Reliable?' <https://youtu.be/tDAoHSJgzdg>

The following year they debated the Rationalist Society at Melbourne University. Since joining Creation Research full-time Craig's focus has been on museum development, participation in weekly YouTube blog "Creation Conversations", research around Tasmania and speaking engagements to men's groups, youth groups, churches and schools.

A range of topics may be covered in talks including Seahorses, God's handiwork, Christians and environmentalism, why Christians should avoid belief in evolution, the feathered dinosaur dilemma and flood evidences in Tasmania, Australia.

Craig's main passion is to see people saved in a relationship with the Lord Jesus Christ. He views evolution as a major deception in this world and especially to Australian and western culture. His spare time is spent watching his children's sport, managing his Tasmanian Blue Gum plantation and fossil hunting.

ABOUT CREATION RESEARCH

Creation Research is a Christian Ministry whose main aim is to counter the lies of evolution and show people that real science always supports the Bible and therefore that we can also trust the message of salvation through Jesus Christ. Creation Research is made up of science graduates who interpret the evidence through the lens of Biblical revelation. International Director John Mackay has been a leading figure in this field for many decades and has presented and debated on this subject throughout the world.

Creation Research has a particular focus on field research and conducts numerous fossil digs, presentations and Youtube clips to challenge the common idea that evolution can explain anything. It has museums and speakers in Australia, UK, USA and Canada. For more information see www.creationresearch.net.

What's next.....

We are entering a strategic season at UBC as we review the values that shape and drive our mission.

We would love to hear your stories and ideas to help us define a mission and values that genuinely represent the UBC family.

Join us on Sunday, May 18th, at 4 PM - We look forward to the conversation!
